Education

University of Virginia   Expected May 2024
B.A. in Computer Science, Minor in Psychology | Charlottesville, VA
- 3.7/4.0 GPA | Dean's List
- Relevant Coursework: Languages for Web Apps | Mobile App Development | Advanced Software Development | HCI in Software Development | Program & Data Representation | Algorithms

Seoul National University   Feb. 2023 – Jun. 2023
UVA Study Abroad | Seoul, South Korea
- Relevant Coursework: UI Design Programming

Experience

UX Design Intern   Jun. 2023 – Sep. 2023
Kubeshop | Remote
- Conducted competitor analysis, observational user testing, and Kubernetes-native usability testing.
- Audited product pages and 50+ PostHog recordings for UX issues and proposed potential solutions.
- Produced low-fi wireframes and high-fi prototypes in Figma to iteratively improve existing UI.
- Owned user flow and design for new AI feature and worked with developers to implement feature.

Freelance Web Developer   Dec. 2022 – Jan. 2023
&Market | Washington, DC
- Collaborated with visual designer and UX designer to iterate on wireframes in Figma. Translated design mockups into the client facing website for a coworking kitchen using Webflow and CSS.

IT Intern   Jun. 2022 – Aug. 2022
SourceAmerica | Vienna, VA
- Migrated the company's intranet, used daily by 600+ employees, from on-premise to SharePoint Online by designing and testing 200+ web pages, as well as workflows, forms, and libraries.

Extracurricular

Student   Sep. 2022 – Dec. 2022
Forge (formerly HackCville) - Intro to UX Design | Charlottesville, VA
- Learned about UX design principles, methodologies, and industry best practices in weekly workshops and labs, and applied concepts to real world problems in two final group projects.

Media Consultant   Sep. 2022 – Dec. 2022
Volunteers with International Students, Staff, & Scholars (VISAS) | Charlottesville, VA
- Photographed VISAS events, made designs in Canva for social media outreach, and conducted interviews with VISAS participants for Humans of VISAS series.

Projects

Design Lead   Aug. 2023 – Dec. 2023
HCI in Software Development | Charlottesville, VA
- Designed a mobile app aimed at enhancing parking accessibility around UVA for a real-world client in a semester-long group project. Led team in weekly three-hour labs and biweekly client meetings.

UX Designer   Sep. 2023 – Dec. 2023
Advanced Software Development | Charlottesville, VA
- Led user research and front-end development and built a design system for our Django web app integrated with Google Maps API to showcase events around UVA in a semester-long group project.
